B. Read the passage carefully, then write true (T) or false (F) for the following statements (1,0pt).

My uncle is working at a car company. His company is now developing a new flying car. The car will have solar panels on its roof and wings, and it will charge its battery as it moves. During light traffic, you can use roads. But in heavy traffic, you can use the flight mode to avoid traffic. It will be able to carry eight passengers. The car will have an autopilot function, so a driver is not needed. All passengers can relax, read books or play games while travelling. I was worried about the safety because it is driverless, but my uncle said it will be much safer than a traditional car. It will also be more comfortable and greener because it is solar-powered.

- to charge (v): nạp điện - a battery (n): ắc quy - function (n): chức năng

26. The writer's father is working at a car company.
27. The car will run on renewable energy.
28. You can use the flight mode to avoid traffic.
29. The car does not need a driver because it has an autopilot function.
30. It will be more dangerous than a traditional car.
